6518: Adding Allocated and Staged Columns
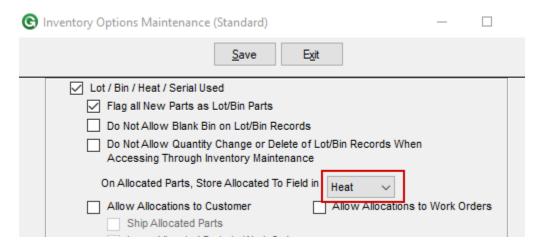

Osmundson Mfg Co

Description:

- Found under Shipping & Receiving > View > Shipping Dash-Staged & Allocated Columns: 6518
- Modifies core Shipping dashboard by adding allocated and staged columns, as well as "% staged' & "% Allocated" to the open orders tab.
- Additionally, adds an allocated qty flag on the staging shipments tab
    - If an order is 100% allocated, check the box on that line

Assumptions:

- Under System Support > Administration > Company Options (Standard), option for "On Allocated Parts, Store Allocated To Field in" needs to be set to "**Heat**".

Output:

- Columns added to open order tab:
  - Qty Allocated
  - Qty Staged
  - Percent Allocated & Percent staged
    - Compares allocated qty to total open qty on the line
